CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA.

FRIDAY APRIL 15, 1927.

More than 100 growers attended the fourth annual citrus institute held at Lindsay recently.

Poultrymen in the Yucaipa district are giving considerable attention to the culling of their flocks.

Citrus growers in California continue to develop facilities for utilizing cull oranges and lemons.

The Tulare county board of supervisors will be asked at its next meeting to pass an ordinance making a bill of sale compulsory with all sales of live stock or poultry.

All records for a single rice shipment from the Colusa locality were broken when the Rosenberg company sent forward a consignment of sixteen cars to purchasers in Japan.

Involving a cash consideration of about \$200,000, the 560-acre Monte Vista vineyard property, two miles northeast of Dinuba, has been sold to Altman Brothers and Friedman.

Already many cattle and rabbit entries have been received for the Chaffey Junior Farm Center Fair, which will be held at Ontario on the high school campus there May 20 and 21.

Serious infestations of puncture vine may be expected due to the abnormally heavy rains this year, which will germinate seeds of the pest which would ordinarily lie dormant.

Wide variations in seed germination have been noted for many seasons by the corn growers of the San Joaquin delta near Stockton. This has been blamed on the mechanical faults of the seed planter or on unfavorable weather.

A Satsuma orange tree of the Owari type imported by B. B. Barney, a Riverside pioneer, from Japan in the early '90s, has just been transplanted from the homestead of the late D. L. Wilber of Riverside to the arboretum of the citrus experiment station.

Mrs. R. J. Herrick, Altadena, has for some years made her "pin-money" by raising rabbits. She found no fault with rabbits as money-makers, but she says there were some things which were unpleasant about the business of producing meat and fur and now she has changed to Rhode Island Red chickens.

Activity has arisen in the poultry industry in the Visalia district during the past month. A fine plant is being developed at Visalia to be known as the Woodside Poultry Association. Plans here call for the care of 10,000 laying hens. This will be one of the largest poultry plants of its type in the county, and an investment of five dollars per hen is called for.

Last May the San Diego County Silk company, an Escondido concern, planted about 100 acres to white mulberry trees to provide food for silk worms. The company has been absorbed by the California Silk Factors, an organization with headquarters in San Francisco. The new company states that field work will begin as soon as weather conditions permit.

Organization of the San Joaquin Cotton Growers' Association has been effected with an acreage of 15,000 to 20,000 acres signed up, and prospects of 40,000 acres to be signed when the organization starts functioning. It is planned to extend loans to member cotton growers amounting to between \$500,000 and \$1,000,000 through the coming season at a rate of about 6 1/2 per cent.

In his semiannual report to the Riverside county supervisors, A. E. Bottel, horticultural commissioner for Riverside county, states that there are about 200,000 acres of land now under cultivation in the county. Practically every crop grown in the state is produced within its boundaries, he says, and in addition, Coachella valley grows a large percentage of the dates produced in America.

Last week noted the opening of the 1927 Valencia harvest in the Ivanhoe foothill belt, Tulare county. In that region five or more cars packed for export shipment to go abroad a steamer in San Francisco for New Zealand. Prospects for the season are good. Large fruit in good quantities is in the orchards and navel prices have held up good. Florida competition has been lessened by heavy freezes and the Valencia crop of the state promises to be fairly heavy. Packing houses in the Valencia belts of Tulare county are preparing for a heavy run.

Golden State

News of Interest to All

Construction began last week on the new \$300,000 Westminster Presbyterian church at Sacramento.

A \$30,000 school bond issue, to be used for new buildings and other improvements, has just been adopted by an overwhelming majority by the Fontana school district of San Bernardino county.

The women of Hanford have inaugurated a movement for the beautification of the city. They will soon present plans for the further adornment of the city park, where considerable money has been spent already for shrubs, trees and lawns.

New type seats and other features that will provide greater comfort for western travelers are included in an order for two million and a half dollars in new equipment placed by Southern Pacific Company, according to an announcement by F. W. Mahl, general purchasing agent, whose headquarters are in San Francisco.

Purchase of fifty-acre ranch in the Alexander valley, to be used as a reservation for the fast disappearing tribe of the once powerful tribe of Pomo Indians, is announced by the Bureau of Indian Affairs. Only about seventy members of the tribe, including women and children, are now living. Once it was numerous throughout this part of the country.

Importation of giant Peruvian frogs from South America for production on a large scale for the American market is planned by Dr. John Wilson, Auburn, known as the frog king of Placer county. Wilson's favorite species he has perfected after years of experimentation. These weigh about a pound and a half after being prepared for the market.

That Glendora is rapidly gaining notice as one of California's exclusive residence and estate districts is declared to be the evidence borne by inquiries from persons seeking sites for estates. An investigation indicates that attractive sites in the canyons and foothills are in demand and negotiations are being opened by many who are seeking exclusive mountain estates.

Extensive improvements, including installation of powdered-milk plant, construction of new machine shops and installation of new power units, totaling about \$100,000, are under way at the Tulare plant of the Los Angeles Creamery company. This will give Tulare the largest and best-equipped creamery of the chain owned by the Los Angeles concern, it is declared.

A damage suit on file in superior court in Los Angeles asks \$1 for every bee sting suffered by a 12-year-old boy of West Hollywood from the "honey makers" of neighboring hives. The damages asked by the boy's father, total \$250, claiming that the bees literally swarmed upon his son. He attested that he and his wife counted the stings as accurately as possible and estimated there were that number.

Mrs. Charles Yue of Tar Flat near Auburn did not kill the goose that laid the golden egg. Instead, when she was cleaning one of the family ducks preparatory to serving it at dinner, she discovered a couple of valuable nuggets in the craw of the fowl. The duck was one of a flock that had been feeding in Auburn ravine. This location was the scene of valuable discoveries in the fifties and sixties.

There are some Barred Rock hens down at Caruthers that rival their White Leghorn sisters as layers of many eggs. These hens, raised by W. C. Whitener, are this year high pen and high hen in the first Nebraska official egg laying contest, at Sutton, Neb.; third and ninth in the second Fresno county contest at Selma, fourth in the heavy division at Santa Cruz and sixth in February production in the Utah Inter-Mountain contest.

Development and growth of Burbank last year has kept pace if not increased its lead over other years. In the matter of population, based on the usual methods of computation, this city is declared to be the fastest growing city in the country. The latest estimate of residents is placed at 20,000. This number is arrived at by taking the school attendance, registration of voters, light and water meters and postoffice figures. The census of 1920 shows the population 2900.

Despite the fact that he is doubtful of obtaining a full time federal judge for Sacramento from Congress at the next session, Charles F. Curry, representative of Sacramento, announced that he would attempt to push the legislation through. Curry believes that a separate judge is needed for this district, due to increasing federal court calendars. He asserts, however, that there will probably be no time to consider judicial districts at the next session, but he will introduce his bill to keep it a live issue.

Ray Steindorf Weds San Jose Girl

On Saturday, April 9, Miss Bertie C. Berg and Raymond A. Steindorf were married at a pretty home wedding in San Jose by Rev. Howard McConnell.

They were attended by Mr. and Mrs. Rudolph Nelson of Los Altos.

Mrs. Steindorf is a San Jose girl, daughter of Mr. and Mrs. A. J. Berg and the groom is a son of Mr. and Mrs. F. A. Steindorf, Sr., of Union district.

The young couple left for the Yosemite on a honeymoon, following a wedding dinner.

Raymond is well known among the younger people and sport fans, as he was one of the basketball players during his high school career.

Fellowship Supper

A very pleasant fellowship supper was enjoyed Friday evening at the Congregational Church followed by a social program. Rev. St. John of Woodside spoke briefly, as did Rev. W. E. Eckles. Dr. W. I. Merrill sang very pleasingly. Mrs. H. C. Smith gave a reading and Rev. Bennett talked very entertainingly of his plans for his trip over here and of his proposed return to England and back.

The star entertainment feature was a group of musical numbers including many encores by a young man from San Jose, Mr. Fulton, who played with a bass viol bow upon musical saws. His results were very successful and his audience thoroughly enjoyed the music.

Trust the Board

The defeat of the high school bonds at the recent election has offered no solution of the high school problem that comforts the board of trustees. The school activities must go on and the Board must meet the situation. We bespeak for every member of the Board the confidence of the voters and taxpayers. They have worked hard for many years in the interest of the school. They are honest men who have been residents of this county for many years and their neighbors know and respect them highly. The best proof of their efficiency is found in the condition of their personal business affairs.

According to official announcement by the Hunt Brothers Cannery operations at the Suisun cannery were to begin on Friday, April 1st. The plant will begin with a spinach pack and will rush operations from the opening date beginning with 250 operators and increasing the number as the season goes on. Asparagus will not be handled at this cannery this season all of that product being transferred to the company's plant on the Sacramento River.

Diversified farming is the only sure way farmers have of protecting themselves against loss of crops and loss in money through price failures, points out Dooley P. Wheeler, assistant Tulare county horticultural inspector.

N. F. Tunbridge, Shasta county dairyman and proprietor of Rancho De Robles, has just purchased a 3-year-old Holstein bull, Sir Winnie Hengeveld Gem No. 446636. His great grand-dam is the famous Tillie Alcartra, who held the world's record for eight years.

In connection with the organization of a county-wide growing and marketing association, the Shasta County Farm Bureau asked for the co-operation and assistance of the state department of agriculture.

Word has been received by the organizers of the Kerman National Farm Loan association Kerman, that a charter has been granted the association. This completes the organization that was begun early last December.

Because of the abundant rains this year, the dry-land wheat in the McFarland vicinity has made a very good stand. About 1000 acres of wheat has been sown on unirrigated lands in this district, in addition to some irrigated grain.

Campbell High Enters Track Meet

Crack! And away sprint the well trained and muscled athletes running as they had never ran before, for this is one of the heats of the dashes at the P. A. L. Tract Meet. It is a wonderful sight to watch the well trained boys of all peninsula, compete for their Alma Mater at the P. A. L. Meet each striving to win laurels for their individual schools.

This year Campbell High School is sending a track team to represent the school in the P. A. L. Meet which is held at Stanford University April 16. Last year the boys went to the I. A. U. Meet which was held at Stanford, and Campbell was well represented. This year the team is taking quite a step forward in entering this meet for the winners of this meet go to the N. C. S. Meet which represents all of the leading schools in the state. All students are hoping that the team will make a good showing, and we hope the town is behind the boys on the team. This will be the first year that they have been entered in the P. A. L. Meet and support is needed for success.

Lea's New Store

Horace Lea has leased the store space of the Curry building and will move into that as soon as fixtures can be installed. John Evans is putting in the shelving and counters and the work is rapidly being completed with the plan of convenience and efficiency. Mr. Lea is selling out his dry goods department and will expand his grocery line. When entirely fitted up Mr. Lea will have one of the most attractive and up-to-the-minute grocery store in the country which will prove an added attraction to his business and the town.

New Neighbors

J. E. Gilliland has purchased the confectionery and restaurant business of D. D. Dooley and will continue along similar lines as his predecessor.

Mr. and Mrs. Dooley have made many friends and built a good business. They will be missed in our midst. A hearty welcome is extended the new proprietor and his family who it is hoped will soon become a part of our civic family.

For a time the Dooleys will enjoy a well earned rest at home in San Jose.

J. F. Duncan III

J. F. Duncan who had arranged for a trip to Arizona on account of his health has had to abandon his plans for a time because a more severe attack of the sinus trouble from which he has suffered so long. His host of friends extend their sympathy and best wishes for an early return to his normal health so that he may make his contemplated visit which they hope will complete a cure. Mrs. Duncan and John Jr., plan to make the trip with him.

Miss Alice McCaughey is home from her school work at Corona to spend Easter week with her parents.

A Home Plant

Hal Tuttle, the bread producer for many a family in this section, reports a constantly growing demand for his "Peter Pan Products." And one is not surprised when he hears on every side that "Hal is turning out the nearest to home-made goods ever bought over a counter," his doughnuts are better than mother used to make" and like remarks.

His is a home industry and one who believes in the real sort of boosting will prefer home baked goods and ask for them at the stores that sell them.

KIWANIS SPONSOR PUBLIC MEETING

Kiwanians were under the directing hand of one of its newer members, Louis Shelley, Wednesday, and he delivered the goods.

Earl Shaw of San Jose gave an interesting and enlightening talk on the prune situation in California showing with charts the increase in planting and the ultimate abundant harvest which must find or make a market to be profitable.

A number of visitors from Los Gatos and San Jose were present to boost the attendance record of their clubs.

Rev. Chas. Robins will preside next week and J. W. Higginbotham will be the speaker.

Ralph Hyde of the program committee announced that the club had been fortunate in securing Congressman Arthur Free to speak at an open meeting in the Campbell Auditorium on the evening of April 21. Mr. Free will speak on the work of the last session of Congress with interesting side lights.

The Kiwanis Club is sponsoring this meeting to which the public is cordially invited and no charge is made for admission.

This will be the best opportunity to hear Mr. Free before his return East to attend special committee conferences.

Miss Baugh Honored

Miss Helen Baugh, whose engagement has been announced, was the honor guest at a pretty luncheon shower Wednesday noon at the home of Mrs. E. R. Kennedy.

Covers were laid for fourteen at a charmingly appointed table, at which a color scheme of yellow was artistically carried out.

The gifts were presented to Miss Baugh concealed on a flower laden tea wagon and in a flower bowl.

A pleasant afternoon of bridge followed, at which Mrs. D. H. Cramer won high score and Mrs. P. T. Ortmann, the dainty little consolation gift.

Miss Lois Gardner entertained on Monday afternoon at her home twelve friends in honor of Miss Helen Baugh, a popular bride-to-be. After an afternoon playing bridge, a dainty luncheon was served.

On adding the scores the unlucky number 13 was found to be Miss Baugh's lucky number and she was presented with a silver center piece, the gift of the friends present.

Mrs. Horace Lea is quite ill with a severe attack of lumbago and fever.

Chauncey Celebrates

Mr. and Mrs. C. H. Whitman presided at a delightful dinner party at their home last Wednesday evening, their guests being the employees in the Whitman Hardware store and their wives. Covers were laid for eleven at a table which was most attractive with its decorations which were suggestive of the approaching Easter-tide. The affair was arranged by Mrs. Whitman in honor of Mr. Whitman's birthday anniversary and he was remembered with many lovely gifts. The guests were Mr. and Mrs. Arthur Robinson, Mr. and Mrs. James G. Burns, Mr. and Mrs. Charles DeSelle, Wayne Davis and Mrs. Ethel Davis, Attorney F. E. Sylvester, of Redwood Falls, Minn., was an out of town guest.

Mrs. R. W. Coupland is extended the sympathy of her friends in the death of her sister Mrs. Walter Worden of Saratoga. Funeral services were held Monday afternoon from the Melvin Funeral Parlors in Los Gatos.

Mrs. Worden had lived in Saratoga for many years and leaves many friends to mourn her loss.

TAX PROBLEM TOPIC AT LOCAL GRANGE

Draping of the charter for Mrs. Marie Scholz, who passed to the higher grange recently, was one of the beautiful ceremonies presented by the Grange Tuesday evening. Mrs. Scholz was one of the most loyal of Grange members and her son Robert, is a past master.

Mr. F. H. Myers spoke on automobile tax and general road tax. Mr. Jones, Master of Mt. View Grange, Mr. Martin of Gilroy Grange, and Mr. Brown of Morgan Hill Grange, all made interesting remarks on taxation.

When our roads were first built many or nearly all of them were built by farmers and were used mainly by them for hauling their products to market. The forty-cent road tax was assessed at that time and still remains and this tax is not paid by city property. Great changes in conditions have taken place since those days. Careful study of the whole situation shows that fully 80 per cent of the traffic on our roads today is by city people, and the old forty cent road tax against the farmers and country people is considered very unjust.

Quite a long resolution favoring some changes in the tax laws was passed by the Grange. An aluminum ware man was admitted at recess and told of a proposition of his company to give a free dinner and also to present to the society some of their ware to the value of fifty cents for every couple who attended the dinner. He frankly said this was an advertising proposition and they had found it the cheapest method of advertising. The Grange will arrange for such a meeting in connection with their usual card party at an early date. Friday night, April 22, is suggested.

Mr. F. E. Carey gave two beautiful selections on the violin. Had he told us, certain strains in one of them represented a baby climbing slowly up a stair-way and then tumbling heels over head to the bottom we wouldn't have doubted it.

Mrs. Mable Gussefield talked on the Humaine Society's work and their need for support, giving illustrations of the useful work done. Mr. H. G. Keesling spoke on gardens in April saying there was more gardening done in April probably than in any other month and that a larger variety of garden vegetables, fruits, flowers, trees and shrubs can be grown in California than anywhere else in the United States, and Santa Clara Valley is the one great garden spot of the state.

On May 1st, the Grange is invited to attend the M. E. Church services in the evening in a body. All Grangers are asked to meet at the hall, outside, and go over together.

Pomona Grange will meet with Orchard City Grange, Saturday, May 14.

The twenty-fifth anniversary of the Grange Past Masters night which was postponed, will be held Tuesday evening, the 26th of April. All Past Masters are still living near Campbell and are expected to be present.

PUBLIC SAFETY

Public Safety is the subject to be discussed at the next meeting of the High School Parent and Teachers Association Tuesday April 19, at the High School. Rev. W. C. Robbins of the Methodist Church is the speaker and all friends of the churches are cordially invited to attend. Let us show our interest in the subject by a large attendance. Invite a friend and come along.

Executive board meeting at 7:15, regular evening session begins at 8 o'clock.

Annual meeting of Sixth district Parents and Teachers is held at Gilroy April 19-21. Executive Board meets at 10:30. Send all delegates with credentials. Election of officers probable.

Protection for Valuables

The modern safe deposit
box is an American inven-
tion of comparatively recent
origin. The first strong
boxes came into limited use
about sixty years ago and
they cost the renters from
thirty to forty dollars a
year. Now for a fraction
of that cost, and in a much
more convenient form, the
American Trust Company
provides safe deposit boxes
in armor-plate vaults that
give absolute protection
against loss by fire or theft.

Mrs. D. H. Cramer and sons went to Seabright Thursday to enjoy a taste of ocean breezes.

Want a new stove this spring? Better buy it now at Whitman's while the sale is on.

Warning that Kerman, Fresno county, will give no quarter to evil doers has been sounded by the Kerman Chamber of Commerce, which is arranging to arm the nightwatchman with a sawed-off shotgun to supplement the side arms he now carries. The use of a sawed-off shotgun is more effective in case the officer is called upon to shoot, as the shot scatters and finds its mark, where poor aim with a revolver might mean an escape for a marauder. The nightwatchman also has a fierce dog that makes the rounds with him. Between the dog and gun, night prowlers at Kerman will be given plenty of trouble, the chamber believes.

California strengthened its position last year as second state in automobile registration, according to a summary of final registration figures for 1926 from every state in the Union. New York, with 1,833,750 motor vehicles registered, increased its lead over California, which closed 1926 with a registration of 1,611,780.

Four hundred trees, approximately and ornamental shrubs were planted at Covina Park on four acres of the property which had hitherto been unimproved. The new section, which now enlarges the park to ten acres, has also been equipped with an overhead irrigating system.

Patrons of the Conejo district, Fresno county, are pointing with pride these days to the handsome brick, tile and concrete schoolhouse recently dedicated and which has taken rank as among one of the most attractive rural schools in Fresno county erected in recent years.

PREPARE CHILDREN NOW TO ENTER SCHOOL

Preparedness is the keynote for the campaign to make physically fit children who are to enter school next fall. This campaign, which is conducted by the local P. T. A. and Board of Health in cooperation with the Bureau of Child Hygiene of the California State Board of Health, is designed to discover and correct any physical defects that may occur in local children of pre-school age.

Parents should ask themselves the question, "Is my child ready for school in the fall?" Clothes, books and other equipment may have been purchased but no thought may have been given to health. Is he in the best physical condition to start school? Thousands of California children, physically unprepared, enter school every year. It is these children, for the most part, who fall behind in their studies, who are inattentive, are frequently absent, who fail to get along well with fellow-pupils or teachers and who become general misfits. It is only the healthy child who succeeds in school work.

It is the duty of every parent of a child who is to enter school in the fall to determine at once if he is in fit physical condition. Should any physical defects be discovered, steps should be taken to secure their immediate correction. Further, information concerning the examination of these children, which are made free of cost, will be published in local papers at an early date.

Mrs. Hattie Bartholomew of Campbell and Mrs. Kate Mitchell of San Jose are mourning the loss of their mother, whose death occurred last Thursday.

Mr. and Mrs. Foote came to California from Michigan in 1893 and settled near Campbell later moving to San Jose where she was living at the time of her death.

One of the show places of the wood-lake district is the Minnehaha Ranch, twenty-five miles northeast of Visalia, owned and operated by the Minnehaha Orchard Co., Inc. It is an ideal diversified property, with 1,600 acres, 200 in oranges, fifty in grapes, both Emperor and Almeria, and 500 in barley. The company owns and operates its own packing house, the Elderwood, and the company proves a thorough believer in co-operation by shipping its oranges through the California Fruit Exchange, under the Sunkist label. The Valencias will be ready to move April 10th, and will total about 20,000 boxes of some of the finest citrus fruit ever sent out of Tulare county, it is said. Another activity of the ranch is the fattening for market of 750 head of excellent beef cattle.

Kings county's first crop of the season, spinach, has been going into the packing plant of the Kings County Packing Company at Armona for several weeks from the Island district, north of Lemoore, where most of the spinach acreage is located. A few cold nights and hot days the middle of the month seemed likely to shorten the crop materially and the growers and packers were for a time worried over prospects, but the rains recently offset that, being of much benefit to the crop, so that a yield of 70 to 80 per cent is now expected. The Kings County Packing company, which contracts annually for nearly all the spinach, has already canned 600 tons of spinach and expects a run of that much more.

The Central California Citrus League is arranging a shipping program for the 1927 Valencia crop of the Lindsay district. The citrus league has received much success from the successful manner with which it has handled the marketing of fruit for various growers in the section. It is expected shortly to adopt a program which will allow for the handling of the Valencias at the peak of shipping. Operators of the league expect a crop of some 3,000 cars of good quality fruit this year. Shippers of the Central district believe that the handling of the fruit in orderly fashion will result in some good returns.

Arrangements are in progress in the office of Whit C. Barber, Kern county horticultural commissioner, for the most extensive campaign against the ground-squirrel pest ever waged locally, during which 50,000 acres will be covered, and in which practically every farmer and horse in the afflicted districts will lend assistance. Mounted agrarians, in groups of four, will pass over the rodent-infested areas, scattering in profusion quantities of poisoned barley from sacks slung around their shoulders.

American missionaries are fleeing from Chinese revolutionists. Evidently the work of the missionaries all these years has taught the Chinese to believe in God but keep their powder dry.

More freedom when electric range cooks for you

Cooks automatically while you're out in the sunshine

The electric range eliminates the hours of watching in the kitchen.

That is why many women—perhaps some of your neighbors—have more freedom. For an electric range cooks automatically.

While you're away the electric current turns on at any time you wish. After the cooking is finished it turns off.

When you return, the dinner is deliciously done and ready to serve. Even if you come home an hour late, the insulated oven keeps the food warm.

One of our representatives will gladly tell you about the electric range and how it gives you freedom, a cool summer kitchen and keeps cooking utensils clean. Just phone or write to P G and E office.
